

Privacy Policy

OutFront Data (the "Service"), operated by **Makers' House LLC** ("we," "us," "our")

Effective date: 2026-06-15

Contact: seanaustin1@gmail.com

This Privacy Policy explains what information we collect when you use OutFront Data, how we use and share it, and the choices and rights you have. By using the Service, you agree to this Policy.

1. Who This Applies To

This Policy applies to users of the OutFront Data application — primarily small-business operators and their authorized team members ("you") who use the Service to view financial insights about their business.

2. Information We Collect

Information you provide:

- **Account information** — name, email address, and the business/organization details you enter when you sign up or onboard.

Financial account data (via Plaid):

- When you connect a bank or card account, we use **Plaid Inc. ("Plaid")** to securely access **read-only** information about that account, including **transactions, balances, and account metadata**. We do **not** receive or store your bank login credentials — those are handled by Plaid. We do **not** initiate payments or move money.

Documents you upload:

- If you upload bank or card statements, we process them (including via an AI service) to extract transaction data for categorization.

Usage and technical data:

- Standard log and device information (e.g., access times, IP address, browser type) generated when you use the Service.

3. How We Use Your Information

We use your information to:

- Provide and operate the Service — connect accounts, categorize transactions, and generate cash-flow, cost-structure, and profit-allocation insights;
- Authenticate you and secure your account;

- Communicate with you about the Service;
- Maintain, troubleshoot, and improve the Service; and
- Comply with legal obligations.

We do **not** sell your personal or financial information.

4. Plaid

We use **Plaid** to connect your financial accounts. By using the Service to link an account, you also agree to Plaid's end-user privacy policy, available at <https://plaid.com/legal/#end-user-privacy-policy>. Plaid's handling of your information is governed by Plaid's own privacy policy.

5. How We Share Information

We share information only as needed to run the Service, with **service providers (subprocessors)** that process data on our behalf under appropriate confidentiality and security obligations:

Provider	Purpose
Plaid	Bank/transaction data aggregation (read-only)
Supabase	Application database hosting
Clerk	Authentication and identity
Vercel	Application hosting
Inngest	Background job processing
Resend	Transactional email
Anthropic	AI extraction of statements you upload

We may also disclose information if required by law, to protect our rights or users' safety, or in connection with a business transfer (e.g., merger or acquisition). We do **not** sell your data or share it for third-party advertising.

6. Data Retention and Deletion

We retain your information only as long as needed to provide the Service or as required by law. You may **disconnect a linked account at any time**, after which we stop syncing new data and remove the associated access tokens. You may request deletion of your account and associated data by contacting us (see §11).

7. Security

We protect your information using industry-standard safeguards, including **encryption in transit (TLS)** and **encryption at rest** (financial access tokens are encrypted with AES-256-GCM), **role-based access controls**, **multi-factor authentication** for privileged access, and **tenant isolation**. See our Information Security Policy for details. No method of transmission or storage is 100% secure, but we work to protect your information.

8. Your Rights and Choices

Depending on where you live, you may have rights to **access, correct, delete, or obtain a copy of** your personal information, and to **withdraw consent** (e.g., by disconnecting an account). Residents of certain U.S. states (e.g., California) and other jurisdictions (e.g., the EU/UK) may have additional rights. To exercise any right, contact us at the address in §11; we will respond as required by applicable law and will not discriminate against you for exercising your rights.

9. Cookies and Tracking

We use cookies and similar technologies only as necessary to authenticate you, keep you signed in, and operate the Service. We do not use them for third-party advertising.

10. Children's Privacy

The Service is intended for business use by adults and is not directed to children. We do not knowingly collect personal information from anyone under 18.

11. Changes to This Policy

We may update this Policy from time to time. We will post the updated version with a new effective date and, where appropriate, notify you.

12. Contact Us
